About seventy bales of new cotton
have been received in Palestine up to
date. This old town will market a
big crop if the business people get up
and hustle for it. And they will.

Mr. and Mrs. T. O. Ellenberger, for-
merly of this city, but now of Rusk,
are the parents of a fine eleven and a
half pound boy. Their friends here
send best wishes for the little heir.

Ivanhoe Lodge No. 15, K. of P., will
have work in the third rank tonight
at the regular meeting, and a full at-
tendance is desired. Members of the
team are especially urged to be pres-
ent.

Work on the farmers' cotton ware-
house is progressing nicely, and it will
be ready for the storing of such of the
crop as the farmers desire to hold for
better prices. This warehouse is go-
ing to prove a good investment.

Have your pictures enlarged and
framed at home, where the work is
guaranteed to be the best, which is
always the cheapest. Slaight's Studio,

Mayor Bowers' condition is so much
improved today as to be very encour-
aging to his family and many friends.
His condition yesterday was such as
to cause apprehension. The city gen-
erally hopes that Mr. Bowers will
soon be restored to his usual good
health.

A. M.'s.

Last Wednesday afternoon Miss Es-
sle Grant entertained the A. M.'s and
a few other friends with "Bunco."
Five tables were set in the double
parlors. The prize was won by Miss
Lucile Neville, and was a beautiful
hand-painted picture. Delicious two
course refreshments were served.

ANOTHER CAR OF MACHINERY.

Gas Company Plant is Almost Com-
pleted.—Service Soon.

The gas company received another
car of machinery yesterday, and work
is being pushed in installing it in the
big plant. The buildings have been
completed, the tanks erected, and it
will be only a short time until service
will be started. Palestine is going to
get a good gas service.

To Our Lady Friends and Patrons.

A very short talk on the Pattern
question. When you have two articles
placed before you, one virtually as
good as the other, and the price of
one is 25c and the other 10c, it is
reasonable to think you will take the
10c one. We have today accepted the
sale of the 10c New Idea Paper Pat-
terns. The cost is 10c for any Pattern,
the Magazine is 5c. You save from
5 to 15c on every Pattern you buy
from us. Is there any more argument
necessary?
Yours truly,
H. HORWITS.

of Trade, accompanied by his wife,
has returned home from his two
weeks' vacation spent in Colorado,
most of which time he spent in Den-
ver, visiting his daughter. Mr. Sterne

visited many places of interest in Co-
lorado. He is now ready for a big
business campaign.

NEWS AND NOTES OF SPORT.

The Chicago Americans have done
the great work of the year in base-
ball. At one time this season they
were in seventh place.

Manager McCloskey has a new team
in St. Louis, with the exception of
Beckley and Grady. His trading has
made money for the Robinsons, but
the team is much weaker than the old
Cardinals.

The great backstop, Lon Criger, is
well again and will take his turn be-
hind the bat for the Boston Americans.

Pitcher Brown of Chicago will no

ling in the American Association, but
Columbus has said nothing and played
ball.

The Buffalo club is the head liner
in the Eastern League. While Jersey
City is playing good ball the "Bisons"
have a lead that will be hard for the
"Skeeters" to overcome.

The annual regatta of the Inland
Lake Yachting Association, which
takes place on Lake Winnebago this
week, gives promise of being one of
the most successful events ever
pulled off by the association.

The racing season of the North Pa-
cific Fair circuit opens today with a
week's meeting at Everett, Wash.

Gloom Is Felt.

St. Petersburg, Aug. 27.—The gloom
